Of the 34,064 Corvettes built, 12,216 were Convertibles, and only 2,659 of those had the 19U Commemorative Edition color code. The base price of the Convertible was \$50,735 with an additional \$3,700 for the Commemorative Edition package.

Our picture was taken in front of a Blue Angel F9F Cougar at the McMinnville, OR Air Museum where the Howard Hughes Spruce Goose is located. We watched this aircraft flying at NAS Jacksonville, FL during an air show when we were first married 52 years ago. We purchased our new 2004 LeMans Blue C5 Commemorative Edition 5.7 liter, 350 hp convertible with heads up display, active handling, sport and tour suspension, memory seats for 2 drivers, run flats and shell interior and top from the Davenport, WA dealership in July 2004. Jackie had taken our 1989 white convertible in

for service and she ended up with the '04... the moral to that story is *never let your wife take your car in for an oil change...unless you want a new Vette!* The 2004 is our 5th Vette; we had a '63, '66, '70, '89, and now the '04. Sure wish we still had all five of them.

NOTE: She Drives... He Washes!
